

2024 YOSHINO ROSÉ

The 2024 Yoshino is a blend of Malbec and Grenache from our estate. We harvested both varietals separately and whole-cluster pressed them, followed by a slow, low-temperature fermentation to intensify the beautiful aromatics. The color is a pale flamingo pink. The aromatics are very inviting, with notes of watermelon, guava, rose, and a hint of lychee.

ABOUT YOSHINO

Our Yoshino Rosé is named for Yoshino Mountain in southern Japan, a world heritage site originally preserved by Miki Cunat's great grandfather. The delicate pink color reminds us of the 30,000 blossoming cherry trees that grow on its slopes. Moderate in alcohol, with refreshing acidity and a crisp, dry finish make this rosé an easy choice to pair with a variety of lighter fare (or by itself) for any warm weather occasion.
